

## Further information about Prezzy Card \$500 Referral Scheme

1) Person recommending another needs to be known to us (this can be personally or professionally). If you are in our JobAdder database as a health professional already then you already qualify. If you're a friend or colleague known to one of our staff then you qualify.

2) If you let us know you are recommending a person (and they have okayed it) and they contact us you are half way there. They need to have NZ qualifications of Pharmacy technician level 4 or level 5 OR a Bachelor of Pharmacy from NZ and be possibly looking for a job, you can let us know by text or email (0211647368, [info@pharmacyrecruit.co.nz](mailto:info@pharmacyrecruit.co.nz)).

FYI Remember, it's important to ask them if its okay first and then they need to contact us themselves.

3) If we manage to place your recommended person and they sign a permanent contract with us then we issue you the \$500 card.

- ✓ You are known to us
- ✓ Your recommended person signs a contract through us
- ✓ We issue you a \$500 Prezzy Card
- ✓ It's that simple.
